

Students Raise Money for the American Heart Association

by Ms. Wolff, Reading and PE Teacher

I decided that this year instead of students raising money individually for the Kids Heart Challenge we would do it as a school. Kids Heart Challenge replaced the Jump Rope for Heart by the American Heart Association a couple of years ago. The students had a “Penny Challenge” between the grades. Students really enjoyed trying to make other grades’ totals be in the negative. Some grades even came up with strategies on how to win. AC-T raised \$626.02 for the American Heart Association, with Mrs. Spragg’s third grade class winning the overall challenge and then receiving an extra PE class as a reward. Thank you for supporting your students in this fun challenge.
